# The Ohio Chapter of URISA is sponsoring students to attend the Ohio GIS Conference

## About the Chapter

The Urban and Regional Information Systems Association (URISA) is a nonprofit association of professionals using Geographic Information Systems (GIS) and other information technologies to solve challenges in state/provincial, regional and local government agencies. URISA is considered to be the premier organization for the use and integration of spatial information.

## Chapter Objectives

- To encourage the professional advancement of GIS in the State of Ohio through professional education and public awareness.
- To foster the exchange of ideas and provide a forum of discussion on topics related to GIS in the State.
- To promote professional interaction within the state GIS community, stimulate research, encourage publication, and generally aid the advancement of its members and other organizations having related objectives.

The Ohio Chapter of the Urban Regional Information Systems Association (URISA) is inviting students to submit applications to attend the Ohio GIS Conference in 2017 free of charge!

The chapter has set aside funds to pay the registration fee for a limited number of students seeking assistance. This opportunity is for students who are currently enrolled full-time (or recently graduated in the last 6 months) in an accredited undergraduate or graduate program with an Ohio college or university. Provisions are also being made for students who attend 2-year colleges provided they are not gainfully employed as the intent of this sponsorship is financial assistance for traditional students. **Students are required to fill out the request form which can be found on the second page of this announcement.** Please also fill out the Conference Registration form that accompanies the application so we can register you should you be chosen. The application and registration forms should be emailed to chair@ohurisa.org

The opportunity is limited to funding availability and will be judged solely on the application received.

- Apply for an opportunity to attend the Ohio GIS Conference, for free.
- Free GIS workshops
- Job opportunities
- Learn from the professionals
- Network with peers and GIS experts

The Ohio GIS Conference is a three day event starting with workshops on day one and two days of sessions. The workshops are free for registered attendees.

## Deadline is August 31st

**for student sponsorship application forms**

For more information on the conference please visit:
http://ogrip.oit.ohio.gov/Events/OhioGISConference.aspx

### 2017 Ohio GIS Conference

September 25-27, 2017

# Student Application for Sponsorship to the 2017 Ohio GIS Conference

Name: _____ Current College Attending: _____

Mailing Address: _____ Email: _____
